The dispatch was shown to Mgr. Satolii by his assistent, Dr. Rooker, who subsequently explained the situation.

Mgr. Satolli, he said, has written to Bishop Harkins of Providence, R. I., suggesting that the facts are so except tools in the Fall River cases that it would be well, if the Bishop saw flat, to suspend temporarily the application of the rule reletive to the K. of P. members.

the time.

The exceptional circumstances, as stated to Mgr. Satolli, are that two of the members of a Fall River Lodge are about to dle. If they leave the Lodge they for-felt their insurance money, and if they remain in it they connot receive the sac-

ments.

Mgr. Satolli suggested that it would be proper to so modify the rule as to permit these two members to have their insu-rance without being debarred from the sacraments.

rance without being debarred from the sacraments. It also appeared that the two Fall River Lodges were exceptional in being made up entirely of Catholics. For this reason Mgr. Satolli suggested that it might be desirable to suspend the rule in order that mombers might have the benefit of Easter sacraments.

The suspension is not of a general character, and is due entirely to special circumstances at Fall River. Mgr. Satolli also wishes it understood that he merely advised Bishop Harkins that the facts warranted a temporary suspension.
